## УЧАСТНИЦИТЕ В БОИ СЕ ВЛЮБИХА В БЪЛГАРИЯ **FALLING IN LOVE WITH BULGARIA**

И ето, че тече поредният олимпийски ден, но този път той не е свързан със състезателни вълнения, а с романтика и път.

Може ли човек да забрави красотата и автентичността на храм-памятника в с. Шипка? Величието на мемориалния комплекс - връх "Шипка"?

очите!  
 Информатиците от балканските страни, участници в Балканската олимпиада в България са истински откриватели на

Another Olympic day is running. This time it doesn't involve competition thrill but, romantics and traveling.

Beautiful Bulgaria! - There are centuries of history and traditions, which are real treasure in world aspect.

Is it possible for a person to forget the beauty and the authenticity of the Temple - Memorial in the village of Shipka? The greatness of the National Park - Museum Shipka? To feel the uniqueness of the style of living and the abilities of the ancient Bulgarian craftsmen in the Architectural Ethnographic Park - Etara is a real delight for the soul and the eyes!

The computer specialists from the Balkan countries, who are participants in the 12th BOI, are now discovering the natural beauty and cultural traditions of Bulgaria.

The feeling when you go through the pass of Shipka is

milk by only smelling it. The clear air and the light breeze make them feel dizzy.

Kazanluk - the heart of the Rose Valley! The countrymen have already finished picking up the roses. But in the eyes and the hearts of our Balkan guests it starts now. Kilometre by kilometre trac-

competitors' route. They are heartily welcomed here by Evtim Kanchev, Chairman of the Union of the Bulgarian Mathematicians, Stara Zagora section. The Mayor of Stara Zagora, Maria Neikova, is here to welcome them too. The dinner given by the hosts especially for the guest -

Красива е България! - Изпълнена с многовековна история и традиции, представляващи истинско богатство в световен план.

Да се докоснеш до бита и занаятчийските умения на гревните български майстори в етнографския комплекс - "Етъра" е истинска радост за душата и

природните ѝ красоти и културни традиции.

Невероятно е усещането при преминаването на прохода "Шипка". Много са завоите *следва на 4 стр.*

incredible! A lot are the curves and the steeping hills to be climbed up, but it is worth the challenge. All their senses are sharpened. They can almost feel the unique taste of the Bulgarian buffalo

ing Bulgaria they collect experiences - a real bunch of views and beautiful spots - for true admirers.

Stara Zagora, another centre of mathematics and computer science, is in the

tourists, is one more token of friendship and future cooperative research in the field of computer science.

It's a long, but delightful journey! *page 4*
